

# CTU ACADEMIC PROGRAMS

## INDUSTRY CURRENT & FLEXIBLE EDUCATION

At Colorado Technical University, we offer our students industry-relevant degree programs, as well as control over how they complete their education.

No matter the program, our approach focuses on two main factors to ensure each individual obtains the practical knowledge and skills they want:

- Faculty with demonstrated experience, advanced degrees and teaching qualifications to deliver industry-current education. (per the website <http://www.coloradotech.edu/academics/profiles/academic-leadership>)
- Technology is focused on personalized learning, enabling students to control what, how and where they learn
